CERTIFICATE

(Issued January 30, 2001)

On October 12, 2000, New Access Communications LLC (New Access) filed an application for issuance of a certificate of public convenience and necessity, pursuant to Iowa Code § 476.29, stating its intention to provide local exchange services in Iowa. New Access stated that it concurs with the exchange service area maps of Qwest Corporation on file with the Board as they are today and as they may be changed in the future. The exchanges of Qwest became the service territories covered by the certificate application.

New Access filed a tariff on January 5, 2001, and revisions on January 19, 2001, identified as TF-00-261. An order granting New Access's application, approving its concurrence in Qwest's maps, granting waivers, and approving the tariff is being issued concurrently with this certificate.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1), authorizes New Access Communications LLC to furnish local telephone service in the exchanges as shown by its tariffs as currently and subsequently approved.
